1. Progress of the liquidation

Work undertaken during the Period and work yet to be completed

I attach at **Appendix A** a schedule of work undertaken during the Period together with a summary of work still to be completed.

As advised in the Director's report provided to the meeting of creditors, it is alleged that during Julie Meyer's tenure as Taggstar's sole director, Company funds and advances provided by Digital Media Technologies Limited ("DMT") were misappropriated and used to fund Ariadne Capital Limited ("Ariadne").

Demand was made by DMT to Ariadne to repay the money apparently misappropriated and the shareholder subsequently issued a Lien Enforcement Notice in an attempt to recover the misappropriated DMT shareholder funds.

It was further alleged that Julie Meyer as a director of DMT, instructed potential DMT investors to pay subscription monies into the Taggstar bank account in contravention of the DMT subscription agreement resulting in potential investors not receiving the DMT shares they were expecting. It would appear that once funds were received by Taggstar they were immediately transferred to Ariadne.

As a result of these allegations, DMT issued legal proceedings in Gibraltar with a view to recovering the shares held by Ariadne which in turn would be sold pursuant to the shareholder agreement with the funds received becoming due to Taggstar.

The Liquidators have not been a party to these proceedings and the value of any potential recoveries remains uncertain at this time.

It is unclear at this stage whether there will be any realisations in this case.

Receipts and payments account

Attached at **Appendix B** is a receipts and payments account detailing transactions for the Period. There have been no realisations or payments made since appointment.

Investigations

Part of my duties include carrying out proportionate investigations into what assets the Company has, including any potential claims that could be brought by the Company or by me in my capacity as Liquidator against any party which could result in a benefit to the estate. I have reviewed the Company's books and records and accounting information, requested further information from the directors, and invited creditors to provide information on any concerns they have concerning the way in which the Company's business has been conducted.

Further details of the conduct of my investigations are set out in the schedule of work attached.

Certain matters continue to be reviewed although the contents and ultimate findings will remain confidential so as not to prejudice any potential remedial actions that may be initiated in the future.

2. Estimated outcome for the creditors

Outcome for secured creditors

There were no secured creditors in this case,

Preferential Creditors

Preferential claims received to date total £4k being former employees' preferential elements for arrears of pay, unpaid pension contributions and holiday pay as calculated in accordance with legislation.

Dividend prospects for preferential creditors are uncertain at this time, pending any realisations into the estate.

Unsecured creditors

I have received claims totalling £406k from unsecured creditors who have proved their debts in these proceedings.

The dividend prospects for unsecured creditors are dependent on any realisations being made in the liquidation proceedings.

The Prescribed Part

In accordance with the Insolvency Act 1986, the prescribed part is an element of net realisations due to the floating charge holder which is made available for unsecured creditors (subject to the floating charge post-dating 15 September 2003).

As there is no floating charge the prescribed part does not apply in this instance.

3. Liquidators' remuneration, disbursements and expenses

Liquidators' remuneration

Due to the uncertainty of realisations in this case, the Liquidators are yet to seek consent to the basis of their fees from creditors.

A resolution to fix the basis of the Liquidators' fees will be sought from creditors in due course in accordance with the Insolvency (England and Wales) Rules 2016.

Liquidators' disbursements

The Liquidator's disbursements are a recharge of actual costs incurred by the Liquidator in dealing with this matter. Mileage payments made for expenses relating to the use of private vehicles for business travel, which is directly attributable to the insolvency estate, are paid by FRP at the HMRC approved mileage rate prevailing at the time the mileage was incurred.

Expenses of the liquidation

I attach at **Appendix C** a statement of expenses that have been incurred during the Period.

Creditors have a right to request further information from the Liquidator and further have a right to challenge the Liquidator's remuneration and other expenses, which are first disclosed in this report, under the Insolvency (England and Wales) Rules. (For ease of reference these are the expenses incurred in the Period as set out in **Appendix C** only). Further details of these rights can be found in the Creditors' Guide to Fees which you can access using the following link <http://creditors.frpadvisory.com/feesguide.htm> and select the one for liquidation. Alternatively, a hard copy of the relevant guide will be sent to you on request. Please note there is a time limit for requesting information being 21 days following the receipt of this progress report. There is a time limit of 8 weeks following the receipt of this report for a Court application that the remuneration or expenses are excessive.
